

## FOR IMMEDIATE RELEASE

### Women Empowered International Welcomes David Jeng to Board of Directors

Philadelphia, PA — Women Empowered International (WE) is pleased to announce the appointment of **David Jeng**, founder of Bliss Executives, WIPO IP Expert, Mandela Washington Fellowship Alumni, and a leader in innovation and entrepreneurship in Africa with several years of experience in many African countries.

Mr. Jeng's extensive expertise will serve as a cornerstone resource for advancing WE's mission and informing the theme and discussions for the upcoming *Young Women Empowered Summit*.

Women Empowered International is a nonprofit organization dedicated to empowering women and girls through transformative leadership development, equipping them to become change agents in their communities. Through its core programs—W.E. Next, TransformHer, and W.E. Emerge—WE has connected women from the U.S., Africa, and the global diaspora, offering immersive experiences, skills training, and cross-cultural collaboration. Since its founding, WE has reached women in multiple countries, fostering global sisterhood and driving social impact projects that address both local and international challenges.

“David's leadership experience, deep knowledge of African development issues, and ability to bridge innovation with community impact will be an incredible asset to our board,” said Dr. Deidre Anderson, Executive Director of Women Empowered International. “We are excited to work alongside him as we expand our global reach and impact.”

Mr. Jeng joins the WE Board of Directors at a pivotal time, as the organization prepares for the *Young Women Empowered Summit*, September 14–16, 2025, at the University of Ghana, Accra. The Summit will bring together emerging leaders from the U.S., Sierra Leone, Ghana, Kenya, and the African diaspora to collaborate on strategies for leadership, economic empowerment, and global sisterhood.
